CONFIDENTIAL INFORMATION

Patient's Bill of Rights:**Voluntary Outpatients**

When you apply for or receive mental health services in the State of Texas, you have many rights. Your most important rights are listed on these pages. These rights apply to all persons unless otherwise restricted by law or court order. A judge or lawyer will refer to the actual laws. If you want a copy of the laws these rights come from, you can call the Health Facility Licensure and Certification Division of the Texas Department of Health at 1-888-973-0022.

It is the responsibility of this hospital under law to make sure you have been informed of your rights. But just giving you this information does not mean your rights have been protected. This hospital is required to respect and provide for your rights in order to maintain licensure and do business in this state.

YOUR RIGHT TO KNOW YOUR RIGHTS

You have the right, under the rules by which this hospital is licensed, to be given a copy of these rights before you are admitted to the hospital as a patient. If you so desire a copy should also be given to the person of your choice. If a guardian has been appointed for you or you are under 18 years of age, a copy will also be given to your guardian, parent, or conservator.

You also have the right to have these rights explained to you aloud in simple terms in a way you can understand within 24 hours of being admitted to the hospital to receive services (e.g. in your language if you are not English-speaking, in sign language if you are hearing impaired, in Braille if you are visually impaired, or other appropriate methods).

YOUR RIGHT TO MAKE A COMPLAINT

You have the right to make a complaint and to be told how to contact people who can help you. Please speak first with your counselor or social worker. We'll try to resolve the issue right away. If we can't, we'll get back to you within 36 hours or two program days. You may also contact the agencies listed below.

You have the right to be told about Advocacy, Inc., when you first enter the hospital and when you leave. Information about how to contact Advocacy, Inc., is also listed below.

SPECIAL NOTE ON CONFIDENTIALITY

Your records are protected, except in special circumstances, including suspected abuse of a child or elderly or incapacitated person, or if you are viewed as an immediate danger to self or others. It may also be released in judicial proceedings, criminal proceedings, under court order or subpoena or in involuntary commitment proceedings.

Your medical record includes your physician's notes, and the notes of each member of the treatment team involved with your care. It will also be released if you sign a consent allowing it. You may wish to release only designated portions, such as the discharge summary.

If you believe any of your rights have been violated or you have been violated or you have other concerns about your care in this hospital you may contact one or more of the following:

Health Facility Licensure 1-888-973-0022
Texas Department of Health
1100 W. 49th St. (TDD) 1-800-735-2989 hearing/speech impaired
Austin, Texas 78756

Advocacy, Incorporated 1-800-315-3876
7800 Shoal Creek Blvd., Suite 171 E
Austin, Texas 78757

STATEMENT THAT YOU HAVE RECEIVED THIS PAMPHLET/IT HAS BEEN EXPLAINED

I certify that:

I have received a copy of this document prior to admission.

Staff have explained its content to me in a language I understand.

Name: [Signature]Witness: [Signature]Date: 10/15/06Date: 10/15/06

2004

HORTON, ELIZABETH, W.,
204004143 001 MRN 60021237 DSW
DR. TAJANI, HADI R
12/14/06 MEC F 043 DOB 06/18/63

Basic Rights for All Patients

1. You have all the rights of a citizen of the State of Texas and the United States of America, including the right of *habeas corpus* (to ask a judge if it is legal for you to be kept in the hospital), property rights, guardianship rights, family rights, religious freedom, the right to register and vote, the right to sue and be sued, the right to sign contracts, and all the rights relating to licenses, permits, privileges, and benefits under the law.

2. You have the right to be presumed mentally competent unless a court has ruled otherwise.

3. You have the right to a clean and humane environment in which you are protected from harm, have privacy with regard to personal needs, and are treated with respect and dignity.

4. You have the right to appropriate treatment in the least restrictive appropriate setting available. This is a setting that provides you with the highest likelihood for improvement and that is not more restrictive of your physical or social liberties than is necessary for the most effective treatment and for protection against any dangers which you might pose to yourself or others.

5. You have the right to be free from mistreatment, abuse, neglect, and exploitation.

6. You have the right to be told in advance of all estimated charges being made, the cost of services provided by the hospital, sources of the program's reimbursement, and any limitations on length of services known to the hospital. As part of this right, you should have access to a detailed bill of services, the name of an individual at the facility to contact for any billing questions, and information about billing arrangements and available options if insurance benefits are exhausted or denied.

7. You have the right to fair compensation for labor performed for the hospital in accordance with the Fair Labor Standards Act.

8. You have the right to be informed of those hospital rules and regulations concerning your conduct and course of treatment.

CONFIDENTIALITY

9. You have the right to review the information contained in your medical record. If your doctor says you shouldn't see a part of your record, you have the right at your expense to have another doctor of your choice review that decision. The doctor must also reconsider the decision to restrict your right on a regular basis. The right extends to your parent or conservator if you are a minor (unless you have admitted yourself to services) and to your legal guardian if you have been declared by a court to be legally incompetent.

10. You have the right to have our records kept private and to be told about the conditions under which information about you can be disclosed without your permission, as well as how you can prevent any such disclosures.

11. You have the right to be informed of current and future use of products of special observation and audiovisual techniques, such as one-way vision mirrors, tape recorders, television, movies, or photographs.

CONSENT

12. You have the right to refuse to take part in research without affecting your regular care.

13. You have the right to refuse any of the following:

- surgical procedures;
- electroconvulsive therapy (prohibited for minors under the age of 16);
- unusual medications;
- behavior therapy
- hazardous assessment procedures;
- audiovisual equipment; and
- other procedures for which your permission is required by law.

This right extends to your parent or conservator if you are a minor, or your legal guardian when applicable.

14. You have the right to withdraw your permission at any time in matters to which you have previously consented.

CARE AND TREATMENT

15. You have the right to a treatment plan for your stay in the hospital that is just for you. You have the right to take part in developing that plan, as well as the treatment plan for your care after you leave the hospital. *This right extends to your parent or conservator if you are a minor, or your legal guardian when applicable. You have the right to request that your parent/conservator or legal guardian take part in the development of the treatment plan. You have the right to request that any other person of your choosing, e.g., spouse, friend, relative, etc. take part in the development of the treatment plan. You have a right to expect that your request be reasonably considered and that you will be informed of the reasons for any denial of such a request. Staff must document in your medical record that the parent/guardian, conservator, or other person of your choice was contacted to participate.*

16. You have the right to be told about the care, procedures, and treatment you will be given; the risks, side effects, and benefits of all medications and treatment you will receive, including those that are unusual or experimental, the other treatments that are available, and what may happen if you refuse the treatment.

6. Are you presenting an out-of-hospital DNR order or bracelet?

☐ Yes ☒ No Copy provided? ☐ Yes ☐ No

7. Would you like to discuss advance directives with a Hospital staff member?

☐ Yes ☒ No Referred to: _____

I understand it is my responsibility to provide a copy of my advance directives to the Hospital.

(*Hospital Staff Note: Shaded area indicates that advance directive follow-up documentation is required.)

Patient rights and responsibilities: I have received written information regarding my rights and responsibilities as a patient. This information tells me how to register complaints I might have.**My valuables:** I understand that the Hospital does not assume responsibility for personal property I may keep with me during my treatment / hospitalization. I understand that unnecessary items should be sent home, and that a safe is available for my valuables.**Financial agreement / assignment of benefits:** I hereby irrevocably assign to the Hospital, and any practitioner providing care and treatment to me, any and all benefits and all interest and rights (including causes of action and the right to enforce payment) under any insurance policies or any reimbursement or prepaid health care plan for services rendered during this admission. Under this assignment, Hospital shall have the right to appeal any denied or delayed claims on behalf of the insured or beneficiary. I hereby promise to pay for all services rendered to me to the extent I am legally responsible for such payment; I understand I am responsible for all health insurance co-payments and deductibles. Charity care may be available if Hospital eligibility criteria are met.**Release of information:** I authorize the Hospital to release any information or records contained in hospital patient records related to alcohol or substance abuse diagnosis or treatment, mental health treatment, or any communicable disease, including HIV/AIDS to (a) any of my treating practitioners, (b) my insurance company or health plan, (c) any other person or entity that is responsible for paying or processing for payment my hospital bill, (d) any other health care provider to which I am transferred for care, (e) entities using this information for quality management and peer review, and (f) any other person or entity as authorized by law. This release shall remain valid until I notify the Hospital, in writing, of my desire to revoke it.**Physicians providing services:** I understand that physicians, including my admitting physician as well as others, such as pathologists, radiologists, or anesthesiologists, who may provide diagnosis, care, or supervision of tests while I am in the hospital will bill me separately from the hospital, and that some or all of these may not be covered by the same health plans as the hospital, and that I will be responsible for paying these physicians, subject to the terms of whatever health plan or insurance I may have.**Medicaid patients only:** I understand that the services or items that I request to be provided to me may not be covered under the Texas Medical Assistance Program as being reasonable and medically necessary for my care. I understand that the Texas Department of Human Services or its health insuring agent determines the medical necessity of the services or items that I request and receive. I also understand that I am responsible for payment of the services or items I request and receive if these services or items are determined not to be reasonable and medically necessary for my care. If I am a Medicaid Star patient, these provisions may not apply.**Medicare patients only:** I acknowledge receipt of the written material entitled, "Important message from Medicare," which is located on the back of this form.**Obstetric patients only:** This admission acknowledgement and financial agreement/assignment of benefits is also given for any child(ren) born to me during this hospitalization.**If the person signing this form is not the patient, please give full name, phone number and address:**

I have read and understand the information above and on the back of this form.

ATION

IMPORTANT MESSAGE FROM MEDICARE

YOUR RIGHTS AS A HOSPITAL PATIENT

- You have the right to receive necessary hospital services covered by Medicare, or covered by your Medicare Health Plan ("your Plan") if you are a Plan enrollee.
- You have the right to know about any decisions that the hospital, your doctor, your Plan, or anyone else makes about your hospital stay and who will pay for it.
- Your doctor, your Plan, or the hospital should arrange for services you will need after you leave the hospital. Medicare or your Plan may cover some care in your home (home health care) and other kinds of care, if ordered by your doctor or by your Plan. You have a right to know about these services, who will pay for them, and where you can get them. If you have any questions, talk to your doctor or Plan, or talk to other hospital personnel.

YOUR HOSPITAL DISCHARGE & MEDICARE APPEAL RIGHTS

Date of Discharge: When your doctor or Plan determines that you can be discharged from the hospital, you will be advised of your planned date of discharge. You may appeal if you think that you are being asked to leave the hospital too soon. If you stay in the hospital after your planned date of discharge, it is likely that your charges for additional days in the hospital will not be covered by Medicare or your Plan.

Your Right to an Immediate Appeal without Financial Risk: When you are advised of your planned date of discharge, if you think you are being asked to leave the hospital too soon, you have the right to appeal to your Quality Improvement Organization (also known as a QIO). The QIO is authorized by Medicare to provide a second opinion about your readiness to leave. You may call Medicare toll-free, 24 hours a day, at 1-800 MEDICARE (1-800-633-4227), or TTY/TTD: 1-877-486-2048, for more information on asking your QIO for a second opinion. If you appeal to the QIO by noon of the day after you receive a noncoverage notice, you are not responsible for paying for the days you stay in the hospital during the QIO review, even if the QIO disagrees with you.

The QIO will decide within one day after it receives the necessary information.

Other Appeal Rights: If you miss the deadline for filing an immediate appeal, you may still request a review by the QIO (or by your Plan, if you are a Plan enrollee) before you leave the hospital. However, you will have to pay for the costs of your additional days in the hospital if the QIO (or your Plan) denies your appeal. You may file for this review at the address or telephone number of the QIO (or of your Plan).

CONFIDENTIAL INFORMATION

UNIVERSAL CONSENT FOR TREATMENT

General consent. I understand that my health condition requires inpatient or outpatient admission. I consent to and authorize testing, treatment and hospital care by Hospital nurses, employees, and others as ordered by my doctor and his/her consultants, associates, and assistants, or as directed pursuant to standing medical orders or protocols. I understand that it may be necessary for representatives of outside health care companies to assist in my care. I also understand that persons in professional training programs may be among the individuals who provide care to me. I understand that in connection with my treatment, photos or videos may be taken. Any tissue or body parts removed from my body may be retained or disposed of by the Hospital at its sole discretion.

Communicable disease testing. I acknowledge that Texas law provides if any health care worker is exposed to my blood or other bodily fluid, the Hospital may perform tests, without my consent, on my blood or other bodily fluid to determine the presence of hepatitis B and C and HIV. I understand that such testing is necessary to protect those who will be caring for me while I am a patient at the Hospital. I understand that the results of tests taken under these circumstances are confidential and do not become a part of my hospital patient record.

Independent physicians. I acknowledge that the doctors taking part in my care do not work for the Hospital. They are engaged in the private practice of medicine, and are not employees, servants or agents of the Hospital. In addition to my attending doctor, other doctors who may take part in my care may include radiologists, pathologists, anesthesiologists, neonatologists, cardiologists, emergency physicians and other specialists. I acknowledge that the Hospital is not responsible for the judgment or conduct of doctors who treat or provide a professional service to me. The exception to this is that some medical residents -- doctors taking part in a program of post-graduate medical education under the supervision of more experienced physicians -- are employees of the Hospital.

No guarantee. I acknowledge that no guarantees or warranties have been made to me with respect to treatment to be provided at this Hospital. I understand that all supplies, medical devices and other goods sold or furnished to me by the Hospital are sold or furnished by the Hospital on an "AS IS" basis, and Texas Health Resources disclaims any expressed or implied warranties with respect to them. With respect to specific supplies and devices, manufacturers' warranties may apply, and I may request manufacturer's warranty information concerning such supplies and/or devices.

Newborn child(ren). If any children are born to me during this admission, my signature below is on behalf of myself and such child(ren) as the legally authorized representative of such child(ren), and the paragraphs regarding "General consent", "Communicable disease testing", "Independent physicians" and "No guarantee" shall apply regarding any treatment provided to such child(ren).

If the person signing this form is not the patient, please give full name, phone number and address:

I have read and understand this information.

AUTHORIZATION FOR VERBAL RELEASE OF PROTECTED HEALTH CARE INFORMATION

1. "DIRECTORY INFORMATION." I understand that "Directory Information", such as my presence in the hospital and room number, as described in the Texas Health Resources Notice of Privacy Practices, may be released to all who ask for me by name, unless I object by specifically requesting to be a "No Information" patient as described below.

☒ **No Information** - I do not authorize release of any information, including Directory Information, concerning my admission or treatment. I choose to be a "No Information" patient and I realize that mail, flowers, telephone calls, and visitors will be refused on my behalf. (The hospital staff will not be able to acknowledge my presence.) I also understand that if I make phone calls from the hospital, caller identification systems may result in my location being disclosed to persons who receive the calls.

2. **MEDICAL INFORMATION AND DISCLOSURE.** I understand that medical information about my condition and treatment, may not be released, except in situations as described in the Texas Health Resources Notice of Privacy Practices, unless I give my permission as provided below:

☐ I authorize this hospital and medical staff members to discuss my medical history, diagnosis, treatment and prognosis with those listed below. I understand this may include information regarding testing, examination and treatment for HIV, AIDS related illness, mental health and drug, alcohol or chemical abuse.

☐ spouse _____

☐ children _____

☐ parent(s) _____

☐ other _____

Note: I understand my medical information will not be discussed via telephone with the person(s) named above if I choose to be No Information since telephone calls will be refused on my behalf.

This authorization will expire at the end of my hospitalization or outpatient service, unless I revoke the consent prior to that time.

CONFIDENTIAL INFORMATION

This document details many of the specific requirements of attending the psychiatry outpatient programs. My signature indicates that I've read it, have spoken with a staff member and/or my attending physician about any questions that I have about it, and agree to all points.

CARE PLAN:

I agree to work with staff, so that I understand the recommended treatment plan. The overall goal is that I improve in mood and/or functioning so that I no longer need a hospital program.

SAFETY:

I understand that safety is always primary, so I'll abide by the hospital rules prohibiting any weapons, drugs or excess medications.

SAFETY AFTER HOURS:

I agree to let the staff or my physician know right away if I'm feeling that the program is not effective for me, or if I believe that I'm in an emergency, including any thoughts or intent to harm self or others. After hours or on weekends, the physician is my contact for any emergencies.

ATTENDANCE:

I agree to attend all groups recommended by my physician, to be on time, not to leave group early, unless there is an emergency and I've spoken with my primary clinician about it. Failure to comply with attendance will be considered a request to discharge. If I'm absent or don't attend all groups for two days or more, my physician may discharge me.

GROUP WORK:

I understand that the treatment approach at Springwood is group-based, and is focused on finding solutions to the immediate, real-life problems that I face.

COORDINATED CARE:

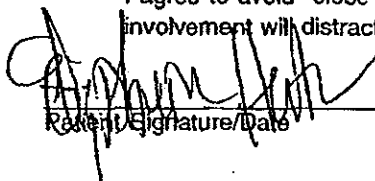

I agree to notify the doctor if I'm seeking medical treatment and what that care consists of while I'm in treatment, including any medications prescribed by other physicians.

MEDICATION:

I agree to take my medication as ordered and to discard any medication at home that is not currently ordered. I agree to be thorough in listing all medications ordered by other physicians now or added during treatment so that the attending physician may review this for any possible interactions.

NO CLOSE RELATIONSHIPS WITH PATIENTS:

I agree to avoid "close relationships" or physical/romantic intimacy with other patients. Intimate involvement will distract me from my recovery and could lead to early discharge.

CONFIDENTIAL INFORMATION

CONSENTS AND RELEASES**SERVICE TO FAMILIES**

Springwood believes families of our patients are a very important part of treatment. For this reason, we provide a variety of services to families. The patient schedule lists family groups, which are available at several different times during the week.

The hospital staff and/or my physician have my permission to contact my family or significant other as named below to obtain a Social History, if my physician requests, for orientation to program services, to notify them if seclusion or restraint is initiated, and to assist in coordination of discharge plans, including disposition of any safety issues at home.

Individual family sessions with the Social Worker can also be arranged by consulting your physician.

In addition to the persons I have named as emergency contact, this release includes:

Tanisha Butler 870-270-2588
Name of family member(s) / Telephone Other contact person / Telephone

GENERAL RECREATIONAL ACTIVITY

I, the undersigned, wish to participate in and pursue general recreation activities, as allowed, while I am in treatment at Harris Methodist Springwood. I hereby represent that I am participating in these recreational activities voluntarily and of my own volition, and further that I am under no pressure to participate therein.

Therefore, I and/or my parent/managing conservator/guardian hereby willingly and consciously waive and release Harris Methodist Springwood, its employees, officers and agents, and physicians associated with Harris Methodist Springwood and any other patients in the Harris Methodist Springwood program from and against any and all claims, costs, liabilities, judgments or expenses, including attorneys fees and court cost arising out of or precipitated by my participation in recreational activities while I am in treatment at Harris Methodist Springwood. I also release and agree to hold harmless Harris Methodist Springwood, its employee, officers and agents, and associated physicians, and any other patients participating in recreational activities from untoward results of any illness or injury resulting from my participation in such recreational activities. Furthermore, I hereby agree to indemnify and hold harmless Harris Methodist Springwood, its employees, officers and agents, and associated physicians against any and all claims except those resulting from gross negligence or willful misconduct thereby, that may arise from such recreational activities.

CONSENT TO PHOTOGRAPH, CAMERA AND AUDIO

I, the undersigned, consent for Harris Methodist Springwood to photograph me for the purpose of identification only. I further understand that the photographs are not to be released, except with my consent or pursuant to law. Photographs are the property of Harris Methodist Springwood and are destroyed at the time of patient discharge. Further, Springwood staff may monitor me by camera and/or audio equipment for safety purposes.

REFERRALS TO OUTSIDE AGENCIES/PROVIDERS

Texas Health Resources and its affiliates, including Springwood, do not endorse or monitor these resources nor do they guarantee the quality of services provided by the resources.

PERSONAL BELONGINGS AND MEDICATION FROM HOME

I understand that the hospital is not responsible for my belongings. If I leave anything, including medication, at the hospital after discharge, I understand it will be destroyed within 24 hours.

PATIENT IDENTIFICATION

HORTON, ELIZABETH, W.
204004143 001 MR# 60021237 DSW
DR. TAJANI, HADI R
12/14/06 MEC F 043 DOB 06/18/63

**CONFIDENTIALITY OF ALCOHOL AND DRUG
ABUSE PATIENT RECORDS**

The confidentiality of alcohol and drug abuse patient records maintained by Harris Methodist Springwood is mandated by Federal laws and regulations. Generally, the program may not say to a person outside Harris Methodist Springwood that a patient attends Harris Methodist Springwood, or disclose any information identifying a patient as an alcohol or drug abuser unless:

- 1) The patient consents; or
- 2) The disclosure is pursuant to a court order; or
- 3) The disclosure is made to medical personnel in a medical emergency or to qualified personnel for research, audit, or program evaluation.

Violation of the Federal law and regulations by a program is a crime. Suspected violation may be reported to appropriate authorities in accordance with Federal regulations. Federal laws and regulations do provide a number of disclosure exceptions. For example, federal laws and regulations contain an exception which does not protect any information about a crime committed by a patient either at Harris Methodist Springwood or against any person who worked for Harris Methodist Springwood or about any threat to commit such a crime. Federal laws and regulations also contain an exception which does not protect any information about suspected child abuse or neglect from being reported under State law to appropriate State or local authorities. (See 42 U.S.C. 290dd-3 and 42 U.S.C. 290ee-3 and 42 CFR Part 2 for statutory/regulatory.)

Please also be aware that you will encounter visitors, other patients and their guests while you are here, especially in the lobby, corridors, cafeteria and other parts of the hospital.

SMOKING WAIVER

Harris Methodist H.E.B./Springwood is a designated smoke-free hospital. Smoking has been determined, by the Surgeon General, to be hazardous to health. I am aware of the risks and hazards of smoking and assume sole responsibility for those risks and hazards to my health. I understand that my doctor can advise me about smoking cessation. Also, I am aware of smoking cessation classes and/or programs, including American Lung Association: 817-732-6336 and American Cancer Society: 817-737-3185.

INFECTIOUS DISEASES

The Centers for Disease Control have listed risk factors for transmission of hepatitis C. Hepatitis C is a virus that can cause chronic diseases of the liver, including scarring (cirrhosis) and liver cancer, both of which can result in death. These risk factors may also apply to AIDS/HIV and other contagious diseases. I understand that if any of these factors applies to me, I need to see my primary care doctor and/or a public clinic for testing and follow-up. Two of the high-risk factors are injection of illegal drugs even one time and exposure to other person's blood including by sexual contact. My doctor can advise me about other factors. Springwood does not provide diagnostic testing except as part of medical emergencies that arise during psychiatric or addiction treatment, and is not responsible for testing me. I understand and will follow up outpatient if I'm concerned and if any of the risk factors apply to me.

THIS IS A LEGAL CONSENT AND RELEASE OF LIABILITY FORM. PLEASE READ IT CAREFULLY AND BE SURE YOUR QUESTIONS HAVE BEEN ANSWERED BEFORE SIGNING.

CONFIDENTIAL INFORMATION

I hereby agree to the performance of an interview and the collection of data deemed necessary on the below named client by Harris Methodist Springwood. I understand that the Harris Methodist Springwood employee is conducting an interview, not an assessment, and will be consulting with a physician regarding any recommendations for care. I also understand that Springwood is not the emergency room, but that Harris Methodist HEB has an ER available if I believe I have an emergency medical condition. The hospital will provide screening and stabilization for an emergency medical condition regardless of ability to pay.

Physicians are not employees of the hospital. If I see a physician, the physician will bill me, including for any visit associated with this session.

Patient Rights: My record is confidential unless I choose to release it, except in very specific circumstances, including, but not limited to, any account of harm to a child or elderly person or any account of imminent danger to self or others. If I am admitted to additional care, I'll receive an additional statement of patient rights.

I may ask to see the Business Office Staff to answer questions about any financial obligation that might apply.

Individual E. Elizabeth Horton Date: 12-14-06

I, _____, have been advised of the hospital's obligation to provide a medical screening examination to detect whether I have an emergency medical condition. That is, it has been explained to me and I understand that I can go to the Emergency Department if I believe that I have an emergency medical condition and desire a medical screening examination. I understand an emergency medical screening examination is available to me without regard to my method of payment or my ability to pay. I am not asking for such an examination.

I, _____, agree that if I begin to feel suicidal or have thoughts of harming anyone else after leaving the hospital, I will seek help rather than harm myself or someone else. I know that I can receive help through the resources listed on the information given to me today, including returning to this hospital.

LEVEL OF CARE:

- ☐ Psychiatric Partial Hospital Program
☐ Psychiatric Intensive Outpatient Program

DISCHARGE DIAGNOSIS:

- Axis I _____
 Axis II _____
 Axis III _____
 Axis IV _____
 Axis V _____

Date of Discharge: _____

THE PATIENT'S TREATMENT COURSE INCLUDED:

- ☐ Medical Management including medication stabilization
☐ Nursing Management
☐ Group Therapy (Group therapy addressed behavioral and cognitive changes to improve coping with stress and symptomology, and included Goal Setting, Anger Management, Assertive Communication, Self Care, Medication Education, Balancing Life Roles, Stress Management, Family Education, and Process Groups)
☐ Family/Significant other participated in treatment
☐ Family/Significant other did not participate in treatment

PATIENTS RESPONSE TO TREATMENT:

- ☐ Increased insight
☐ Improved mood
☐ Decreased anxiety
☐ Stabilization/Remission of Suicidal Ideation/Intent
☐ Increased coping
☐ Improved cognition
☐ Stabilization/Remission of Danger toward others
☐ Increased energy
☐ Other _____
☐ Patient completed recommended programming
☐ Patient did not complete recommended programming and was discharged AMA (Against Medical Advice)
☐ Patient was unable to benefit from continued treatment at this level of care and was therapeutically discharged

DISCHARGE RECOMMENDATIONS:

- ☐ Continue medication regime as prescribed by attending psychiatrist
☐ Follow-up appointment with attending psychiatrist on _____
☐ Follow-up appointment with Primary Care Physician and/or Specialist for _____
☐ Follow-up appointment with outpatient psychotherapist
☐ Patient admitted to higher level of psychiatric care
☐ Inpatient Psychiatric Care at Harris Methodist Springwood
☐ Patient transitioned to lower level of psychiatric care
☒ IOP at Harris Methodist Springwood
☐ Other Discharge Recommendations *Continuation of care*

TEXAS HEALTH RESOURCES

Notice Concerning Admissions Forms Recurring Treatments for A Single Diagnosis

This patient, who is being treated at a Texas Health Resources (THR) facility, is receiving a repetitive service for one episode of care but requires multiple registrations to meet the standards set by regulatory agencies and the THR central business offices.

The purpose of this form is to alert Health Information Services that the following forms can be found in the patient's medical record with the original account number (sticker placed below). The forms include the Admissions Acknowledgements, Universal Consent for Treatment, Authorization for Verbal Release of Protected Health Information, and the original Physician Order for Treatment.

HORTON, ELIZABETH, W,
204004143 001 MR# 60021237 OSW
DR. TAJANI, HADI R
12/15/06 MEC F 043 DOB 06/18/63

It is the practice of Texas Health Resources hospitals to re-admit and have the patient complete a new set of forms if the patient has a change in benefits, physician, or diagnosis. New forms are not required for each visit when the patient is receiving a repetitive service for the same diagnosis.

LEVEL OF CARE:

- ☒ Psychiatric Partial Hospital Program
☒ Psychiatric Intensive Outpatient Program

DISCHARGE DIAGNOSIS:

Axis I Major Depressive d/o recurrent
 Axis II D
 Axis III Status post breast cancer
 Axis IV relationship, work, family
 Axis V 50/70

Date of Discharge: 1-5-07

THE PATIENT'S TREATMENT COURSE INCLUDED:

- ☒ Medical Management including medication stabilization
☒ Nursing Management
☒ Group Therapy (Group therapy addressed behavioral and cognitive changes to improve coping with stress and symptomology, and included Goal Setting, Anger Management, Assertive Communication, Self Care, Medication Education, Balancing Life Roles, Stress Management, Family Education, and Process Groups)
☒ Family/Significant other participated in treatment
☒ Family/Significant other did not participate in treatment

PATIENTS RESPONSE TO TREATMENT:

- ☒ Increased insight
☒ Improved mood
☒ Decreased anxiety
☒ Stabilization/Remission of Suicidal Ideation/Intent
☒ Increased coping
☒ Improved cognition
☒ Stabilization/Remission of Danger toward others
☒ Increased energy
☒ Other grief + loss
☒ Patient completed recommended programming
☐ Patient did not complete recommended programming and was discharged AMA (Against Medical Advice)
☐ Patient was unable to benefit from continued treatment at this level of care and was therapeutically discharged

DISCHARGE RECOMMENDATIONS:

- ☒ Continue medication regime as prescribed by attending psychiatrist
☒ Follow-up appointment with attending psychiatrist on 1-8-07 at 1pm
☒ Follow-up appointment with Primary Care Physician and/or Specialist for recommended
☒ Follow-up appointment with outpatient psychotherapist recommended
☐ Patient admitted to higher level of psychiatric care
☐ Inpatient Psychiatric Care at Harris Methodist Springwood
☐ Patient transitioned to lower level of psychiatric care
☐ IOP at Harris Methodist Springwood
☒ Other Discharge Recommendations Community resources provided
